UNION HEALTH SERVICE

Medicare Plan

Union Health Service Medicare Plan is a Health Care Prepayment Plan (“HCPP”). As enrollees in an HCPP, Union Health Service Medicare members retain full use of their Part B benefits and may use them for services outside of Union Health Service. A member of Union Health Service HCPP may be concurrently enrolled in a stand-alone Part D prescription drug plan; enrollment in Union Health Service Medicare Plan HCPP in no way cancels or changes the drug plan benefits.

The Union Health Service Medicare Plan is not an HMO/Advantage Plan.

Please contact the Union Health Service Member Service Department (312-423-4200 extension 7997, or email memservices@unionhealth.org) if providers communicate otherwise. Union Health Service and CMS will clarify on your behalf.
